From the Desk of Principal Maloney...

As we head off to our summer holidays, I would like to send many thanks to the Heritage Collegiate Community. We are honoured to have the commitment and care of a fine team of teachers, support staff, volunteers, and community members. Most importantly, we are privileged to work with a dedicated and clever group of young people who are eager to make their mark in life. The 2016-17 school year has been a remarkable one. We have met and exceeded expectations both academically and with extracurricular activities. These successes cannot occur without collaboration and ambition. The expanding team of volunteers who frequent our building have added more than food, assistance, and advice... our volunteers have built a more positive environment showing our students that being good global citizens starts at home. We commend you!

As is to be the case most years, we do have to bid farewell to some of our Husky team. Mrs. Ruby Chatman retired this past winter. We thank her for many years of service and we take this opportunity to again extend the very best to her in her retirement. We wish Ms. Brittany Keough the very best in her new school. Your devotion and involvement to our students has been immeasurable. We wish tremendous success to those Husky students who are relocating to other areas of the province and country. You will be missed. To the Graduates of 2017 – we send you off into the world equipped with the life tools needed for a rewarding future! Make us proud but more importantly, make yourself proud.
